1. In view of Declaration filed May 11, 2004, the objection of the amendment filed December 2, 2003 under 35 U.S.C. 132 is withdrawn.

Allowance

3. As of the date of this office action, the examiner has not located or identified any reference that can be used singularly or in combination with another reference including the closest prior art of Lombardi et al. (US 6,325,958 B1) to render the present invention anticipated or obvious to one of ordinary skill in the art.

In light of the above discussion, it is evident as to why the present claims are patentable over the prior art.
